of the Sanitary Commissioner were communicated to the Military assistant with a request that all human habitations be removed from the farm & all grazing prohibited arrangements being made for cutting and removing grass from the farm.

3. The Military assistant urges that if the watchmen are not housed locally, they will not watch properly as the area is very extensive & much trouble would be caused & time lost in coming & going to their posts, that the animals which caused the trouble have been sold, that nothing more than what is being done at present is possible & that if Govt should still require the vacation of watchmen's houses, the adjacent village roads & the sacrifices in the temple closeby which are real sources of danger should be prohibited.

4. The Military asst has
